TILTON INSTITUTES QUO WARRANTO PROCEEDINGS AGAINST CONTROLLER

Rule is Granted on John H. Moffitt to Show Cause Why Writ Should Not be Served.

Clark R. Tilton, minority auditor for Washington county, started proceedings yesterday in court, through his attorneys, A. G. Braden and R. W. Knox, by which he proposes to test the controller act, under which John H. Moffitt holds the office of controller in this county.

Upon petition of Mr. Tilton the court issued a rule on Controller John H. Moffitt to show cause why a writ of quo warranto should not issue against him as prayed for by Mr. Tilton. The rule is returnable the first Monday of February. In his petition Mr. Tilton sets forth facts undisputed relating to the controller act, the appointment of Mr. Moffitt under the provisions of this act, and his taking the office by right of election the first Monday in this month. Further Mr. Tilton avers that the act of Assembly creating the office of controller is unconstitutional and void, being in conflict with section 7 article 3 of the constitution and as being a delegation, or an attempted delegation, to others by the duly constituted legislative authority of the Commonwealth of the power and authority to enact a law. Mr. Tilton also avers that the act is illegal and void.

He sets forth that Mr. Moffitt has acted all this time, since October 2, and is now acting as controller without warrant or authority of law. Notwithstanding which premises says, Mr. Tilton, John H. Moffitt uses and enjoys the rights, privileges and franchises of said alleged office of controller, contrary to the peace and dignity of the Commonwealth and laws thereof, to the great damage and prejudice of the Commonwealth and to the wrong and injury of the relator, Mr. Tilton.

Mr. Tilton says that he is one of the auditors, is entitled to exercise the rights, duties and privileges and franchises of the office, and to receive the emoluments thereof; that on January 3, 1910, he with other auditors, met, organized and were ready to begin their duties; that the next day formal demand was made for the books, papers, etc, of the county for the year 1909, but that they were refused, except up to the time when the controller assumed his duties. Mr. Tilton says he has always been ready and willing to carry out the duties of the office.

CHARLEROI BOROUGH EASILY THE SECOND LARGEST IN THIS COUNTY

Donora Has Greater Property Valuation, but in Comparison Loses Out in the Number of Taxables

LONG BRANCH SMALLEST

The 1910 triennial assessment shows Charleroi to be easily the second largest town in Washington county, the only one to surpass it being Washington. In property valuation, however, it is surpassed by Donora, the valuation there exceeding that of Charleroi by $552,037. The number of taxables in Charleroi are 898 more than in Donora. If the number of taxables in each town is correctly reported Monongahela, Donora and Canonsburg have about the same population.

The triennial assessment table, as noted by the Washington Observer gives these figures for the eight larger towns of the county:

		Taxable Valuation.
Washington and East Washington	5,733	$13,112,790
Charleroi	2,601	3,327,425
Monongahela	1,718	2,787,575
Donora	1,703	3,879,462
Canonsburg and South Canonsburg	1,659	2,434,037
McDonald	653	964,880
Bentleyville	590	1,203,595
California	586	889,256

The number of taxables in the other boroughs of the county is as follows: Beallsville, 155; Burgettstown, 482; Centerville, 315; Claysville, 339; Cold Centre, 157; Cokeburg, 292; Deemston, 151; Ellsworth, 929; Elco, 244; Long Branch, 72; North Charleroi, 268; Roscoe, 224; Speers 102; Stockdale, 189; Twilight, 142; West Alexander, 189; West Brownsville, 507; West Middletown, 97; Finleyville 191; Houston, 234; Midway, 217.

Charleroi's valuation on houses, lots, mills, factories, etc, is $3,073,660. The occupation valuation, posts of profit, etc. is $241,375. The number of horses in the borough is 180, and the total value is $11,550 or an average value per horse of $64.17. The number of cattle in the borough is 27, the total valuation being $840, or an average per head of $31.11. The total value of all property subject to county taxation, as noted in the preceding table is $3,327,425. The judgments, mortages, money on deposit, stocks, bonds, vehicles, etc., are valued at $365,920.

The increase at Donora in valuation over that of Charleroi is entirely in the houses, lots, mills, factories and such, the total there being $3,711,,497 or $637,839 more than in this borough.

Judging from the number of taxables Long Branch is the smallest borough in population. Ellsworth, with 929 taxables, can hardly be classed as a borough although it is under a borough charter, as the Lackawanna Steel company owns all the property within its limits. The same situation exists at Cokeburg. Several of the boroughs such as Long Branch and Deemston, are not really towns. All the property within their limits is practically farm lands.

Extended Orders For the Brigade

The Boys' Brigade will hold a meeting tonight in the Merchants Association for the purpose of electing non-commissioned officers, such as were not selected at the meeting several days ago. This will include two sergeants and the corporals. The Brigade will in the near future take up battalion work and for this purpose the two sergeants will be needed.

TEN PER CENT OF INCREASE WILL BE ASKED BY MINERS

Ten per cent increase in wages for the bituminous miners of North America probably will be the demand formulated in the annual convention of the United Mine Workers of America which meets today in Indianapolis.

It is the opinion of a prominent coal operator of the valley that there will be no strike over this demand, but that a compromise will be ultimately effected, after a period of long drawn out negotiations.

Fined Nominal Sum For Their Neglect

F. R. Barnum, superintendent of the new mine of the Diamond Coal and Coke company in Union township and Thomas Jenkins, mine foreman of this mine, entered pleas of guilty yesterday in court to charges of violating the mining law. The charges against the two men were of a technical nature, and their violation of the law was neglecting to carry out certain requirements. Since the charges were made against the two men the matters complained of have all been remedied. The men were sentenced to pay a fine of $1 and costs each.

Will Begin Services Soon in California

Rev. H. C. Boblitt, pastor of the First Christian church, who has resigned his work here to take effect April 1 to enter the general evangelistic field exchanged pulpits with Rev. Bennett of the California Christian church last Sunday, preaching for the Phillipsburg church in the afternoon, at which service one confession was received.

Rev. Boblitt has arranged to begin a meeting with the California church February 6 assisted by Prof. Wellicome of Indianapolis, Ind., singing evangelist.

Unique Sign.

One of the prettiest and most unique electrical signs ever shown in town has been placed over the Palace Theatre by R. L Barnhart, the manager, with the assistance of W. I. Higgins, one of the local mechanics. The sign is a patent contrivance known as a "Kaleidoscope." It is 36 inches in diameter, and shows as many colored combinations as the old-fashioned toy kaleidoscopes one used to buy at the stores. With its ever changing variety of colored combinations, the sign at night presents a briliant spectacle, and is greatly admired. In addition the word "Palace," is flashed along the support in large letters, adding to the attraction.

Funeral Announcement.

The funeral of the late Samuel Couchenur of West Newton, who died Sunday will take place from the First Baptist church of West Newton Wednesday afternoon at 1 o'clock.

Every Voter Can Help.

Charleroi electors should bear in mind that the primary election for nomination of borough officials will be held the coming Saturday. At this election officials will be nominated who will have charge of the fiscal affairs of both the borough and the school district. These two boards will have the responsibility of levying, collecting and expending in the neighborhood of $80,000 jointly, the most of which will be paid by the taxpayers of the borough. It therefore behooves the taxpayers to sit up and take notice as to what manner of men are candidates for these important positions which are charged to collect this big sum of money from the taxpayers, to be expended for public purposes.

The Mail has no criticism to make on the work of the past year of either the council or the school board. It believes that the work of each board was faithfully executed according to the best judgment of the members in the interest of the public. Two vacancies are to be filled on each board, however, and it is important that the successors chosen should be men of sound business integrity and judgment in order to continue the working harmony of the organizations. Public expenses are increasing and the only way to meet them is by increased taxes. With good business men to regulate expenditures the tax rate can be kept down to a minimum. Every voter can help in this matter by turning out and voting at the primaries.

The Golden Rule class of the Christian Bible school will give a 10 cent social in the Sunday School room of the church next Friday evening. Cake, ice cream and coffee will be served. The Golden Rule is one of the most progressive classes composed of girls and taught by Mrs. Garnet Allfree.

Dr. Wm. E. Barker's Experience in London.

From the Rochester Times.

Half a century ago there was no city in the world where an eminent specialist had the opportunities that were presented to one in London; realizing this fact Dr. Barker, after graduating from Heidelburg, located in London. His practice grew so rapidly that at the end of five years he established the largest practice of any physican in that vicinity. His practice was confined to chronic cases only in the treatment of rheumatism, catarrh, kidney and bladder diseases. He used one never-failing prescription—this same prescription he had written thousands of times; and he had seen patents come into his office on crutches, who said they had been troubled with rheumatism for 15 and twenty years, and after they used this special prescrpition for two or three days, they would come walking to his office, as nimbly as a school boy, and thank him for the good he had done them. The Doctor said in an interview that one man about 45 years old came to him one day and said he had been injured while working at the carpenter trade about twenty years before, and had suffered constantly since with kidney trouble. He had tried everything to get relief, but nothing seemed to do him any good. He asked the Doctor if he really knew anything that would cure him, and he told him of a never-failing remedy for all chronic cases like this. He wrote him a prescription and told him to take it for a week and then come and let him know how he was getting along. This man came back to his office in just four days and said he had not felt as well in his life. He also stated that his daughter, whom he had taken out of school because her eyes were too weak to study, and she could hardly see from one of them at all; she had been treated by four eye specialists without relief, and he had taken this prescription for two day he says he saw it was helping him so much he let her take some of it, and to their great surprise, she improved wonderfully almost from the first dose. He told him that it was only a week's time after she commenced to take the medicine until she could see as well as ever and was able to return to school.

It was not until after hundreds of such remarkable cases had been treated by Dr. Barker with this asme prescription that he was prevailed upon in the interest of humanity to allow the wonderful prescription to be put so that every sufferer could have it at a very small cost. The public can now secure this prescription under the name of Bloodine, at drug stores, or The Bloodine Laboratories, Boston, Mass., will supply a six weeks' treatment (six bottles for $2.50); 50 cents a bottle, trial bottle and booklet, 10 cents. Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

TILTON INSTITUTES QUO WARRANTO PROCEEDINGS AGAINST CONTROLLER

Rule is Granted on John H. Moffitt to Show Cause Why Writ Should Not be Served.

AVERS ACT IS ILLEGAL

Clark R. Tilton, minority auditor for Washington county, started proceedings yesterday in court, through his attorneys, A. G. Braden and R. W. Knox, by which he proposes to test the controller act, under which John H. Moffitt holds the office of controller in this county.

Upon petition of Mr. Tilton the court issued a rule on Controller John H. Moffitt to show cause why a writ of quo warranto should not issue against him as prayed for by Mr. Tilton. The rule is returnable the first Monday of February. In his petition Mr. Tilton sets forth facts undisputed relating to the controller act, the appointment of Mr. Moffitt under the provisions of this act, and his taking the office by right of election the first Monday in this month. Further Mr. Tilton avers that the act of Assembly creating the office of controller is unconstitutional and void, being in conflict with section 7 article 3 of the constitution and as being a delegation, or an attempted delegation, to others by the duly constituted legislative authority of the Commonwealth of the power and authority to enact a law. Mr. Tilton also avers that the act is illegal and void.

He sets forth that Mr. Moffitt has acted all this time, since October 2, and is now acting as controller without warrant or authority of law. Notwithstanding which premises says, Mr. Tilton, John H. Moffitt uses and enjoys the rights, privileges and franchises of said alleged office of controller, contrary to the peace and dignity of the Commonwealth and laws thereof, to the great damage and prejudice of the Commonwealth and to the wrong and injury of the relator, Mr. Tilton.

Mr. Tilton says that he is one of the auditors, is entitled to exercise the rights, duties and privileges and franchises of the office, and to receive the emoluments thereof; that on January 3, 1910, he with other auditors, met, organized and were ready to begin their duties; that the next day formal demand was made for the books, papers, etc, of the county for the year 1909, but that they were refused, except up to the time when the controller assumed his duties. Mr. Tilton says he has always been ready and willing to carry out the duties of the office.

Extended Orders For the Brigade

The Boys' Brigade will hold a meeting tonight in the Merchants Association for the purpose of electing noncommissioned officers, such as were not selected at the meeting several days ago. This will include two sergeants and the corporals. The Brigade will in the near future take up battalion work and for this purpose the two sergeants will be needed.

TEN PER CENT OF INCREASE WILL BE ASKED BY MINERS

Ten per cent increase in wages for the bituminous miners of North America probably will be the demand formulated in the annual convention of the United Mine Workers of America which meets today in Indianapolis.

It is the opinion of a prominent coal operator of the valley that there will be no strike over this demand, but that a compromise will be ultimately effected, after a period of long drawn out negotiations.

Fined Nominal Sum For Their Neglect

F. R. Barnum, superintendent of the new mine of the Diamond Coal and Coke company in Union township and Thomas Jenkins, mine foreman of this mine, entered pleas of guilty yesterday in court to charges of violating the mining law. The charges against the two men were of a technical nature, and their violation of the law was neglecting to carry out certain requirements. Since the charges were made against the two men the matters complained of have all been remedied. The men were sentenced to pay a fine of $1 and costs each.

Will Begin Services Soon in California

Rev. H. C. Boblitt, pastor of the First Christian church, who has resigned his work here to take effect April 1 to enter the general evangelistic field exchanged pulpits with Rev. Bennett of the California Christian church last Sunday, preaching for the Phillipsburg church in the afternoon, at which service one confession was received.

Rev. Boblitt has arranged to begin a meeting with the California church February 6 assisted by Prof. Wellicome of Indianapolis, Ind., singing evangelist.

Unique Sign.

One of the prettiest and most unique electrical signs ever shown in town has been placed over the Palace Theatre by R. L. Barnhart, the manager, with the assistance of W. I. Higgins, one of the local mechanics. The sign is a patent contrivance known as a "Kaleidoscope." It is 36 inches in diameter, and shows as many colored combinations as the old-fashioned toy kaleidoscopes one used to buy at the stores. With its ever changing variety of colored combinations, the sign at night presents a briliant spectacle, and is greatly admired. In addition the word "Palace," is flashed along the support in large letters, adding to the attraction.

Donora Has Greater Property Valuation, but in Comparison Loses Out in the Number of Taxables

LONG BRANCH SMALLEST

The 1910 triennial assessment shows Charleroi to be easily the second largest town in Washington county, the only one to surpass it being Washington. In property valuation, however, it is surpassed by Donora, the valuation there exceeding that of Charleroi by $552,037. The number of taxables in Charleroi are 898 more than in Donora. If the number of taxables in each town is correctly reported Monongahela, Donora and Canonsburg have about the same population.

The triennial assessment table, as noted by the Washington Observer gives these figures for the eight larger towns of the county:

	Taxable	Valuation.
Washington and East Washington	5,733	$13,112,793
Charleroi	2,601	3,327,425
Monongahela	1,718	2,787,575
Donora	1,703	3,879,462
Canonsburg and South Canonsburg	1,659	2,434,037
McDonald	653	964,890
Bentleyville	590	1,203,595
California	586	889,255

The number of taxables in the other boroughs of the county is as follows: Beallsville, 155; Burgettstown, 482; Centerville, 315; Claysville, 339; Coal Centre, 157; Cokeburg, 292; Deemston, 151; Ellsworth, 929; Elco, 244; Long Branch, 72; North Charleroi, 268; Roscoe, 224; Speers 102; Stockdale, 189; Twilight, 142; West Alexander, 189; West Brownsville, 507; West Middletown, 97; Finleyville 191; Houston, 234; Midway, 217.

Charleroi's valuation on houses, lots, mills, factories, etc, is $3,073,660. The occupation valuation, posts of profit, etc. is $241,375. The number of horses in the borough is 180, and the total value is $11,550 or an average value per horse of $64.17. The number of cattle in the borough is 27, the total valuation being $840, or an average per head of $31.11. The total value of all property subject to county taxation, as noted in the preceding table is $3,327,425. The judgments, mortages, money on deposit, stocks, bonds, vehicles, etc., are valued at $365,920.

The increase at Donora in valuation over that of Charleroi is entirely in the houses, lots, mills, factories and such, the total there being $3,711,,492 or $637,839 more than in this borough.

Judging from the number of taxables Long Branch is the smallest borough in population. Ellsworth, with 929 taxables, can hardly be classed as a borough although it is under a borough charter, as the Lackawanna Steel company owns all the property within its limits. The same situation exists at Cokeburg. Several of the boroughs such as Long Branch and Deemston, are not really towns. All the property within their limits is practically farm lands.

Every Voter Can Help.

Charleroi electors should bear in mind that the primary election for nomination of borough officials will be held the coming Saturday. At this election officials will be nominated who will have charge of the fiscal affairs of both the borough and the school district. These two boards will have the responsibility of levying, collecting and expending in the neighborhood of $80,000 jointly, the most of which will be paid by the taxpayers of the borough. It therefore behooves the taxpayers to sit up and take notice as to what manner of men are candidates for these important positions which are charged to collect this big sum of money from the taxpayers, to be expended for public purposes.

The Mail has no criticism to make on the work of the past year of either the council or the school board. It believes that the work of each board was faithfully executed according to the best judgment of the members in the interest of the public. Two vacancies are to be filled on each board, however, and it is important that the successors chosen should be men of sound business integrity and judgment in order to continue the working harmony of the organizations. Public expenses are increasing and the only way to meet them is by increased taxes. With good business men to regulate expenditures the tax rate can be kept down to a minimum. Every voter can help in this matter by turning out and voting at the primaries.

The Golden Rule class of the Christian Bible school will give a 10 cent social in the Sunday School room of the church next Friday evening. Cake, ice cream and coffee will be served. The Golden Rule is one of the most progressive classes composed of girls and taught by Mrs. Garnet Allfree.

Dr. Wm. E. Barker's Experience in London.

From the Rochester Times.

Half a century ago there was no city in the world where an eminent specialist had the opportunities that were presented to one in London; realizing this fact Dr. Barker, after graduating from Heidelburg, located in London. His practice grew so rapidly that at the end of five years he established the largest practice of any physican in that vicinity. His practice was confined to chronic cases only in the treatment of rheumatism, catarrh, kidney and bladder diseases. He used one never-failing prescription—this same prescription he had written thousands of times; and he had seen patents come into his office on crutches, who said they had been troubled with rheumatism for 15 and twenty years, and after they used this special prescription for two or three days, they would come walking to his office, as nimbly as a school boy, and thank him for the good he had done them. The Doctor said in an interview that one man about 45 years old came to him one day and said he had been injured while working at the carpenter trade about twenty years before, and had suffered constantly since with kidney trouble. He had tried everything to get relief, but nothing seemed to do him any good. He asked the Doctor if he really knew anything that would cure him, and he told him of a never-failing remedy for all chronic cases like this. He wrote him a prescription and told him to take it for a week and then come and let him know how he was getting along. This man came back to his office in just four days and said he had not felt as well in his life. He also stated that his daughter, whom he had taken out of school because her eyes were too weak to study, and she could hardly see from one of them at all; she had been treated by four eye specialists without relief, and he had taken this prescription for two day he says he saw it was helping him so much he let her take some of it, and to their great surprise, she improved wonderfully almost from the first dose. He told him that it was only a week's time after she commenced to take the medicine until she could see as well as ever and was able to return to school.

It was not until after hundreds of such remarkable cases had been treated by Dr. Barker with this asme prescription that he was prevailed upon in the interest of humanity to allow the wonderful prescription to be put so that every sufferer could have it at a very small cost. The public can now secure this prescription under the name of Bloodine, at drug stores, or The Bloodine Laboratories, Boston, Mass., will supply a six weeks' treatment (six bottles for $2.50); 50 cents a bottle, trial bottle and booklet, 10 cents. Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

WHAT EVERY WOMAN WANTS

How She May Have the Benefit of Expert Facial Massage Free.

Every woman reader will be interested in an ingenious invention called the Harlan Beauty Cup, which when used with Crown Cream offers a decided improvement over the old style hand massage methods. Crown Cream is the leading massage cream and skin food on the American market, and is a beautifier in the truest sense of the word. Many women use it without massage, because it is not only a wonderful healing and cleansing preparation, but gives many of the best effects of massage without any manipulation. It is especially fine for use where there are blotches, pimples or other blemishes on the face and for the eradication of wrinkles.

Used in connection with the Beauty Cup, the skin is given new vigor and the soft, velvety appearance of youth is quickly restored and retained.

Crown Cream is sold everywhere for 50c a jar, which is the price asked for face creams of the ordinary sort, none of which can equal the special merit of Crown Cream. The Harlan Beauty Cup also sells for 50c. Lose no time in securing these beauty aids from your dealer and if he is not supplied, they will be sent prepaid upon receipt of price by the Harlan Mfg. Co., Toledo, Ohio. Hennings' Drug Store, corner Fifth and McKean, Charleroi.
